

**OEE and Line View from Express Data  
Express Managed Processes  
10 Steps to Productivity**

Express data having completed over 250 installations of the Express / Line View OEE system have developed a wealth of experience in delivering on-time and on-budget solutions to help UK companies increase productivity, return on investment and profitability.

The process detailed below clearly demonstrates our turnkey approach to delivering quantifiable productivity and profitability gains.

\*\*\*\*\*

**1. Project Initiation**

- Scope
- Timescales
- Team inclusion
- Site engagement
- Clarify value of project
- Communicate that value
- Roles and Responsibilities

**2. Site Preparation**

- Who's involved?
- Stakeholders
- Weekly updates
- Monthly newsletters
- Engineering contribution
- Line View is coming!

**3. Site Survey**

- Where?
- When?
- How many?
- Type?
- High Risk / Low Risk?
- Shift patterns
- Visibility to maximise engagement
- Data
- Power
- Sensors
- Zero Volts
- Containment

**4. Survey Revisions**

- Survey circulation
- Moves adds and changes
- Scope compliance
